PERSONAL STATEMENT

As an Economics graduate with a passion for technology, I have successfully transitioned into the tech industry after five years in administrative roles. With proficiency in Web development tools such as ReactJS and AWS Cloud Computing, I am eager to contribute my skills to a dynamic team. My commitment to continuous learning drives me to explore new opportunities and stay up-to-date with industry trends. I am actively seeking my first web development role, where I can showcase my abilities and make a meaningful impact.

SKILLS AND CERTIFICATIONS

Certifications: AWS Certified Cloud Practitioner | AWS Solutions Architect Certification

Languages: JavaScript

Frameworks: Tailwind CSS | ReactJS | NextJS | Express

Soft Skills: Orientation to Details, Team Player, Problem Solving

EXPERIENCE

Generation Web Development Training. *April 8 – July. Remote*

The programme focused on developing key behavioural skills/mindset and core technical web development skills.

- During my time with Generation, I developed great skills in teamwork and collaborative skills by working with different team members on different projects.
- When I was with Generation, I learnt effective communication skills through project simulation with different groups which helped me to clearly communicate my thoughts.
- I acquired fundamental technical skills in Linux, Python, Bootstrap, Github
- The Growth Mindset, which I developed through the Generation programme, has changed my perspective of my attitude towards learning and work.

WORK EXPERIENCE

National Youth Authority – Awutu Senya East Municipal

From Nov 2018 - To Feb 2023

Administrative Officer

As an Administrative officer, I assessed the needs of young people within the organization and identified areas where support, resources, or programs are required.

Accomplishments

- Assisted the inauguration of a youth parliament in my constituency where the youth could have a voice in the community.
- Collaborated with my colleagues to organize a skill training programme (Biodigester construction) for over 35 unemployed youth in the community.
- During my time, I led my colleagues to organize a Sex talk and Menstrual Hygiene education in four local schools.
- When I was with NYA, I enrolled over 30 youth on a government initiative to receive support items that will help them start a business with the skills they have.

Doctors In Service Hospital - Takoradi

From July 2018 - To Nov 2018

Administrative Assistant/ I.T Officer/ Cashier

- Whilst working with D.I.S, I assisted with administrative work and prepared insurance claims.
- Served as I.T officer where I trained new staff on how to use the hospital's software and also in charge of all I.T equipment.
- During my time with the Hospital, I was responsible for taking inventory and entering drug stock into the Hospital's Management Software.
- When I was with D.I.S, I worked in the cashiering department where I received payment and issued receipts.

EDUCATION AND CERTIFICATIONS

ALX Africa - Ghana

AWS CLOUD COMPUTING

March 2023 - February 2024

University of Ghana, Legon - Ghana

Bachelor of Arts in Economics

September 2013 - May 2017

INTERESTS

- I enjoy drawing imaginary things.
- Watching business pitches and ideas on Shark Tank (U.S T.V show where people pitch their ideas and sharks(panel) invest in their business)
